

Main Frame

The homepage features a header with the brand name "Taska" and navigation links for Home, About Us, Features, and Contact, along with Sign In and Sign Up buttons. Below the header is a central graphic of three people working together to assemble a large puzzle, symbolizing teamwork and project management. The text "Manage Your Projects With Us" is displayed above a "Get Started" button.

About Us

In a fast-paced work environment, scattered spreadsheets and unclear responsibilities can slow teams down. That's why we didn't just build a task manager — we built a smarter way to work. As our projects grew, so did the complexity. We needed a tool that could keep up — something that could organize chaos, assign the right people to the right tasks, and make progress visible at every level. So, we created a system designed around how we actually work.

This platform helps us:

- Create structured projects with unique codes
- Break them down into focused, manageable modules
- Assign tasks clearly and track every step in real-time

The result? No more confusion. No missed deadlines. No "who's doing what?" moments.

We believe great teamwork starts with:

Clear communication

Organized workflows

Accountable task ownership

That's why this system is built to be clean, flexible, and incredibly easy to use — so our team can focus on what matters most: getting things done.

Why This Site?

Tired of messy spreadsheets and missed deadlines? This smart task management system transforms the way your team works — by turning chaos into clarity. With a powerful structure of Projects → Modules → Tasks → Team Members, everything is organized, assigned, and tracked in real-time.

- 👉 Get instant email alerts.
- 🕒 Set clear priorities and deadlines.
- ✅ Monitor progress from start to finish.

Whether you're running one project or ten, this platform keeps your team connected, focused, and always on the same page — so nothing slips through the cracks.

Features

- | | | | | | |
|--|---|--|---|--|--|
| | 1. Project & Module Management
Manage multiple projects with unique names and codes. Each project can be divided into separate modules for better structure and organization. | | 2. Task Assignment
Create multiple tasks under each module and assign them to specific team members based on roles and responsibilities. | | 3. Team Member Integration
View all assigned team members under a project. Easily select and assign individuals to tasks for clear accountability. |
| | 4. Email Notifications
Automatically send email notifications to team members whenever a task is assigned or updated, including task details and deadlines. | | 5. Progress Tracking
Monitor the current status of tasks with labels like Pending, In Progress, and Completed, allowing real-time tracking and project control. | | 6. Smart Search & Filter
Quickly find projects, tasks, or team members using built-in search and filtering options, even in large datasets. |
| | 7. Editable Task List
Modify or delete task/module/project data directly from the list view for seamless updates and corrections. | | 8. Deadline & Priority Settings
Set deadlines and priority levels for each task to help teams stay focused and meet important goals on time. | | 9. Responsive Design
Access the system from any device — desktop, tablet, or mobile — with a user-friendly, mobile-responsive interface. |
| | 10. Role-Based Access (Optional)
Different access levels for Admins, Managers, and Employees, ensuring data security and appropriate permissions. | | | | |

Registration Page

The registration page features a header with the brand name "Tasko" in a stylized font. A navigation bar at the top includes links for Home, About Us, Features, and Contact, along with "Sign In" and "Sign Up" buttons. The main content area is titled "Create An Account" and contains fields for Employee ID, Username, Email ID, and Password, each with a placeholder icon. A large circular profile picture placeholder is centered above the input fields. A "Create Account" button is located at the bottom of the form.

Login Page

The login page follows a similar layout to the registration page, with the "Tasko" logo at the top and a navigation bar with Home, About Us, Features, and Contact links, plus "Sign In" and "Sign Up" buttons. The central feature is a "Welcome Back !" message. It includes fields for Employee ID and Password, both with placeholder icons. A "Sign In" button is positioned at the bottom of the login form. The background of the page features a collage of business-related illustrations, including charts, people, and a checkmark icon.

Blank Page

The image shows a screenshot of a web application named "Tasko". On the left side, there is a dark brown vertical sidebar containing the following menu items:

- Home
- Developers
- Projects
- Settings
- Profile

In the center of the page, there is a large, light pink area with the following text:

Opp! No Projects Available 😞

At the bottom right of the pink area, there is a brown button with a white plus sign and the text "Create New".
