

Main Frame

The homepage features a header with the brand name "Taska" and navigation links for Home, About Us, Features, and Contact, along with Sign In and Sign Up buttons. Below the header is a large illustration of three people working together to assemble a large puzzle, symbolizing teamwork and project management. The central text "Manage Your Projects With Us" is displayed above a "Get Started" button.

About Us

In a fast-paced work environment, scattered spreadsheets and unclear responsibilities can slow teams down. That's why we didn't just build a task manager — we built a smarter way to work. As our projects grew, so did the complexity. We needed a tool that could keep up — something that could organize chaos, assign the right people to the right tasks, and make progress visible at every level. So, we created a system designed around how we actually work.

This platform helps us:

- Create structured projects with unique codes
- Break them down into focused, manageable modules
- Assign tasks clearly and track every step in real-time

The result? No more confusion. No missed deadlines. No "who's doing what?" moments.

We believe great teamwork starts with:

- Clear communication
- Organized workflows
- Accountable task ownership

That's why this system is built to be clean, flexible, and incredibly easy to use — so our team can focus on what matters most: getting things done.

Why This Site?

Tired of messy spreadsheets and missed deadlines? 🤦‍♂️ This smart task management system transforms the way your team works — by turning chaos into clarity. With a powerful structure of Projects → Modules → Tasks → Team Members, everything is organized, assigned, and tracked in real-time.

- 👉 Get instant email alerts.
- 🕒 Set clear priorities and deadlines.
- ✅ Monitor progress from start to finish.

Whether you're running one project or ten, this platform keeps your team connected, focused, and always on the same page — so nothing slips through the cracks.

Features

- 1. Project & Module Management**
Manage multiple projects with unique names and codes. Each project can be divided into separate modules for better structure and organization.
- 2. Task Assignment**
Create multiple tasks under each module and assign them to specific team members based on roles and responsibilities.
- 3. Team Member Integration**
View all assigned team members under a project. Easily select and assign individuals to tasks for clear accountability.
- 4. Email Notifications**
Automatically send email notifications to team members whenever a task is assigned or updated, including task details and deadlines.
- 5. Progress Tracking**
Monitor the current status of tasks with labels like Pending, In Progress, and Completed, allowing real-time tracking and project control.
- 6. Smart Search & Filter**
Quickly find projects, tasks, or team members using built-in search and filtering options, even in large datasets.
- 7. Editable Task List**
Modify or delete task/module/project data directly from the list view for seamless updates and corrections.
- 8. Deadline & Priority Settings**
Set deadlines and priority levels for each task to help teams stay focused and meet important goals on time.
- 9. Responsive Design**
Access the system from any device — desktop, tablet, or mobile — with a user-friendly, mobile-responsive interface.
- 10. Role-Based Access (Optional)**
Different access levels for Admins, Managers, and Employees, ensuring data security and appropriate permissions.

Registration Page

The registration page features a header with the brand name "Tasko" and navigation links for Home, About Us, Features, and Contact. Below the header is a "Sign In" and "Sign Up" button. The main content area is titled "Create An Account" and includes fields for Employee ID, Username, Email ID, and Password, each with a placeholder icon. A large circular profile picture placeholder with a camera icon is positioned above the input fields. A "Create Account" button is located at the bottom of the form.

Login Page

The login page follows a similar layout to the registration page, with the "Tasko" logo and top navigation bar. It includes "Sign In" and "Sign Up" buttons. The central feature is a "Welcome Back !" message, followed by fields for Employee ID and Password. A "Sign In" button is at the bottom. The background features a collage of business-related icons like charts, people, and a checkmark.

Blank Page

The image shows a screenshot of a web application named "Tasko". On the left side, there is a dark brown vertical sidebar containing the following menu items:

- Home
- Developers
- Projects
- Settings
- Profile

In the center of the page, there is a large, light pink area with the following text:

Opp! No Projects Available 😞

At the bottom right of the pink area, there is a brown button with a white plus sign and the text "Create New".
